However, the Company had received no response.

Mrs. Duangrudee Milintanggul, the Company Secretary was assigned to inspect all shareowners' documents before the commencement of the meeting, with the result that there was no argument concerning the documents of the attending shareowners.

Immediately following, the Company Secretary clarified to the meeting the Rules and Regulations of the Securities and Exchange Commission and the Stock Exchange of Thailand concerning procedures to organize the shareowners' meeting of public listed companies as per the following details:

1. Shareowners have the right to question and comment on every agenda.

If the question pertains to matters outside of the agenda, shareowners could raise this during consideration of Agenda 8, Other Matters.

2. Method of Vote Casting and Counting

2.1 According to the Company's Articles of Association No. 43, when casting a vote - one share is counted as one vote.

2.2 Casting a vote in every agenda must be done openly.

To cast a vote, one must raise a placard received from the registration counter in front of the meeting room. Each Shareowner can cast only one vote: either to approve, disapprove or abstain from voting. In vote-counting, only the votes of disapproval and abstention, including void ballots (if any), shall be subtracted from the total number of eligible votes in attendance at the meeting. The remainder shall be counted as the approved votes for each item on the agenda.

Void ballots are cases where more than one box are chosen on the ballot or where there are cross outs or corrections on the ballot without accompanying signature.

2.3 In a case where the shareowner gives power of attorney to another person to attend the meeting and cast votes on his or her behalf by submitting the Power of Attorney letter in advance to the Company, the Company would have recorded the shareowner's vote in accordance with his/her wishes into the vote processing system accordingly.

3. In order to ensure that the vote-counting was conducted in an orderly, convenient and transparent manner, the barcode system was used to enable simultaneous view of vote-counting on each agenda on the screen by all shareowners.

3.1 In every agenda except the election of directors, the shareowner who wished to cast a vote to disapprove or abstain would raise the placard. Then the company staff would read the barcode of the placard for vote summary and give to that certain shareowner a voting card to be filled with the number each shareowner received at registration, their comment, along with their signature. Upon completion of the voting card, the company staff would immediately collect the voting card as evidence for such vote.

3.2 For the agenda of election of directors:

Shareowners identified their comments on election of directors individually and affixed their signature. In case of disapproval or abstention votes, the shareowner was requested to raise the placard for counting by the assigned staff who subsequently collected this card from all shareowners after the conclusion of this agenda.

4. In case any shareowner arrived at the meeting after the meeting already commenced, the shareowner had the right to vote only on agenda items which had not yet begun consideration. The Company would then count the votes of the late attendees as the quorum starting from the voted agenda for record in the minutes of the meeting.

The Board of Directors reserved the right as shareowners to cast an approval vote in every agenda. For proxies authorized by other shareowners, the vote must be in accordance with the proxy form.

Should anyone have any question, please write down your question onto the paper that you received from the registration desk and submit it to our staff. Additional paper can be acquired by raising your hands for our staff to bring it for you.

Chairman of the Board of Directors then handed over the meeting agendas to Mr. Thamarat Chokwatana, President and Executive Chairman, for further conduct of the meeting.
